

## TR 2 Climate Change Denial – Misinformation on Instagram

## Post-viewing activity III: Climate change denial

Can the following assertions from the (fictitious) Instagram post be considered truthful? Why? Discuss in class.

## Post-viewing activity IV: Misinformation on Instagram

The Instagram post is dedicated to the topic of climate change. Prepare arguments that disprove the post's claims and write a post in the form of a text in response. Also suggest concrete recommendations for action in everyday life. You may also consider the facts from the assignments on **W1** and **W2**.
